## EDWARD TRUE'S WILL

### More Details Concerning Benefactions of Former Rockland Man.

Much interest was manifested in local bequests contained in the will of E. R. True of Washington, D. C. A Washington dispatch contains a more complete account. It follows:

"The clause relating to the local Ma- sonic bequests, as received by J. E. Stevens, recorder, follows:  
"I give and bequeath to the Clare- mont Commandery of Knights of Templar, No. 9, of Rockland, Maine, in memory of my father's mem- bership in said Masonic body, the sum of \$2500, and I also give and bequeath to Aurora Lodge, No. 50, of Rockland, Maine, F. & A. M., in which lodge I received my Masonic instruction, the sum of \$2500. ## THE SECOND DISTRICT FIGHT

**Republicans Will Neglect No Detail In Order To Retain the Present Valuable Congressman.**

Plans for the Republican whirl- wind tour in the Second Con- gressional District were announced yesterday at the State Headquarters. These tours will begin in Androscog- gin County, Thursday, Aug. 16, and continue to the islands of the whirling tour. This tour will take in the islands of North Haven and Vinal- haven, which has never been done by a whirlwind party before.  
The plan in Oxford County, as set- tled upon by State Committeeman Walter G. Morse of Rumford and the county committee at a meeting this week, is to devote a single day to the whirlwind tour. This tour will take in all the small towns, and will be sup- plemented by rallies in the larger places at a later day. A big meet- ing is being planned for Rumford, the home town of the Democratic candi- date for Congress, at which Hon. Wil- liam Tudor Gardner and Congress- man White will speak.  
The party on all the whirlwind tours will include Senator Hale, Mr. Gardner, Congressman White, Chair- man Field, and Mrs. Eva C. Mason, vice chairman of the committee. The candidates for county office in each county will accompany the tours in their respective counties and be in- troduced to the crowds, a custom which has generally not been followed in the past year.  
There will be less emphasis on speech making this year than in the past on these tours. The objection was raised at the State Committee meeting in Augusta recently that the speed required on these trips pre- vented the candidates from taking the time to meet the voters personally to a great extent. Accordingly it was then decided to curtail the speaking as much as possible and merely give the people a chance to meet and talk with the candidates. In the Fourth Dis- trict this scheme was carried out, and the tour in Androscoggin County was pronounced the most successful ever held there. The candidates responded with speeches when the crowd clam- ored for them to do so, otherwise they contented themselves with informal conversation.  
The dates set for the second dis- trict tours are as follows: Androscog- gin, Thursday, Aug. 16; Franklin, Monday, Aug. 20; Oxford, Tuesday, Aug. 21; Sagadahoc, Wednesday, Aug. 22; Knox, Friday, Aug. 23; Lin- coln, Monday, Aug. 27.

**DOESN'T WORRY 'EM**  
**Defection of Justice Pattangall and Wife Expected, Says the Senior Moran.**  
Defection from the Democratic ranks of Associate Justice William R. Pattangall of the supreme judicial court of Maine, for many years the acknowledged leader of Maine De- mocracy, was announced for the "ex- press purpose of diverting the public mind from the water power issue," according to a statement by Edward C. Moran, Sr., chairman of the State Democratic committee and father of that party's gubernatorial candidate.  
Chairman Moran expressed con- fidence that the bolt from the Demo- cratic standards began a few days ago by Mrs. Pattangall and followed by Justice Pattangall would not in- jure the party in the coming elections. In this belief he was seconded by Wil- liam M. Ingraham of Portland former assistant secretary of war under Pres- ident Wilson, and a prominent figure in the Democratic party of the State.  
Most Democratic leaders, however, were loath today to comment.  
While Edward Moran, Jr., cam- paigning in the interests of his can- didacy for the governorship declined to make any statement, has father, busy at the State headquarters of his party in Rockland, said:  
"We are not interested in Mr. and Mrs. Pattangall's statements at all," said the Senior Moran. "Their state- ments were not unexpected by us. We realize that they were made for the express purpose of diverting the people's attention from water power, which is the really important issue, not prohibition."

## MR. JUSTICE RIDDELL SPEAKS

**Distinguished Canadian Jurist Delivers Masterly Address Before Rockland Rotary Club.**

The Rockland Rotary Club was privileged to repeat at yesterday's luncheon the enjoyment of a year ago, when it was addressed by Justice W. R. Riddell of Toronto, who for the past 22 summers has been a guest, with Mrs. Riddell, of The Samoset. He was given an ovation when he rose to speak.  
With satire, and eloquence breathed in practically every sentiment of- fered by Chief Justice Riddell in his address on "The British Empire."  
The distinguished citizen from To- ronto who has elected to spend so many summers on the American side of the border recalled what he termed the delightful occasion of a year ago when he addressed the Rockland Ro- tarians; and that it was equally a delightful occasion for the local members was manifested by the splendid greeting which was accorded the head of the Supreme Bench of Canada.  
American and Canadian contrasts were handled by the speaker with- out the proverbial gloves, but with twinkling eyes and a sense of humor that would have done credit to the wit- ticism of Irishmen completely robbed his remarks of any suspicion of sting they might have contained.  
"One can understand the British Empire if he understands Canada," the speaker said. "We no more be- long to England than we do to the United States. It is so-called be- cause it isn't an Empire. It once was. The Old British Empire received its death blow on the Plains of Abrah- am. That made it possible for the American Colonies to insist on their own government. The conception of the governing class of England and the King of England was that Amer- ica was an English possession and that Americans were looked upon as inferiors who had to be governed by the island in the North Sea."  
"King George was an honest man, even if some Americans don't think he was. The Declaration of Inde- pendence was a political manifesto, the most magnificent piece of secu- lar propaganda the world has ever known. King George thought this country ought to be carried on for the benefit of England, while the American colonies resented the idea of being governed against their own conceptions. They felt there was nothing to bind them to the mother country—and then came the Fourth of July. This world in which we live was made by the Declaration of In- dependence, and the people of our race will govern themselves whether for good or evil."  
"The old idea of Colonial Govern- ment was to send out a Colonial gov- ernor, and have the Colonies governed as part of the property. It was seen from the American Revolution that this would not do.  
"But never has a colony shown its capacity for self government but it has received full assent, and by a gradual course of evolution it has been worked out that there are self- governing dominions.  
"We have a governor general who, in form, can refuse to give assent to any bill of legislation. But there is no more chance of his refusing than there is of failing to obtain Royal assent.  
"We are conservative people and have no use for a written constitu- tion. We want something that will work well and act well. The King"

## KILLED ON WARREN HIGHWAY

**Melbourne A. Spear, Struck By Massachusetts Car, Dies Instantly—Neck and One Leg Broken.**

Melbourne A. Spear of Warren was instantly killed Thursday night at 7.40, when knocked into the ditch by a Pierce Arrow touring car, driven by Gertrude Marean of Cambridge, Mass., who is a summer visitor at Wiscasset.  
Mr. Spear's neck was broken; also one of his legs. The body was taken in charge by Sawyer & Sim- mons, Thomaston undertakers.  
Miss Marean who was driving in the direction of Thomaston, told Sheriff Harding that she had been compelled to slow down on account of the glaring headlights of other cars. She did not see Mr. Spear walking in the highway on the same side that she was driving, but when the accident occurred she knew that the car had struck something, and as soon as she could make a turn re- turned to the scene and finding a man in the ditch called people resid- ing in that vicinity. Dr. Fred G. Campbell was also summoned, but the victim was beyond surgical aid.  
Neighbors corroborate Miss Mar- ean's story that she was not speed- ing.  
Medical Examiner Frohock viewed the remains at the undertaking rooms.  
Mr. Spear was 72, and a retired farmer. In addition to being deaf he had not been in good health. He is survived by two daughters Mrs. Maynard Brennan and Miss Clytie Spear.  
The tragedy emphasizes again the necessity for pedestrians to walk on the left hand side of the road instead of the right, for in this manner they can keep track of an approaching automobile.

## ENJOYED VISIT

**Capt. Littlefield of the Utah Writes Mayor Carver Very Grateful Letter.**

The recent visit of the U.S.S. Utah to this port resulted in an exchange of bouquets. Here is one from the commanding officer, Capt. W. L. Littlefield, to Mayor Carver:  
"The commanding officer desires to acknowledge with thanks your letter of July 30, commenting favorably on the appearance and conduct of the crew of this vessel, and expressing the wish that the ship may return for another visit to Rockland in the future.  
"The officers, midshipmen and crew of the vessel greatly enjoyed their visit to Rockland. The hospi- tality of the citizens and summer residents made the visit particularly enjoyable and of benefit to all.  
"Please let me reiterate your kind expressions and also the hope that the ship may be fortunate enough to return to Rockland for a visit in the near future. I trust you will express to the citizens of your town the thanks and appreciation of its hospi- tality from the officers, midshipmen and crew of this vessel."

## YOUR FAVORITE POEM

Poetry is the greatest literature, and pleasure is the greatest of literary pleasures.—Viscount Grey of Pallender.  
**COROMANDEL FISHERS**  
Rise, brothers, rise! the awakening skies pray to the morning light.  
The wind lies asleep in the arms of the dawn like a child that has cried all night.  
Come, let us gather our nets from the shore, and set our catamarans free.  
To capture the leaping wealth of the tide, for we are the sons of the sea.  
No longer delay, let us hasten away in the tracks of the seagull's call.  
The sea is our mother, the cloud is our brother, the waves are our comrades all.  
What though we toss at the fall of the sun where the hand of the sea god drives?  
He who holds the storm by the hair will hide in his breast our lives.  
Sweet is the shade of the coconut glade and the scent of the mango grove.  
And sweet are the sands at the fall of the moon with the sound of the voices we love.  
But sweeter, O brothers, the kiss of the spray and the dance of the wild foam's gleam;  
Row, brothers, row, to the blue of the verge, where the low sky mates the sea.  
—Sarajin Naidu.

## The Courier-Gazette

THREE-TIMES-A-WEEK

**CIRCULATION AFFIDAVIT**  
 Rockland, Me., Aug. 4, 1928.  
 Personally appeared Frank S. Liddle who on oath declares that he is President in the office of The Courier-Gazette, and that of the issue of this paper of Aug. 2, 1928, there was printed a total of 5,250 copies.  
 Before me, **FRANK S. LIDDLE**, Notary Public.

Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him.—1 John 2:15.

The work of rehabilitating the old trotting park that lies midway between this city and Thomaston has gone on so quietly during the past few months, that the finished growth of it will amaze the people who during the approaching week pay it a visit for the first time. All the equipment of buildings and track which pertain to the ancient and engrossing sport of the horse are there, but more than that are buildings adapted to the purposes of an agricultural fair. Those in position to judge declare that Maine has no better plant of this character than has now been put in commission in Knox County. The Old Home Week program to be celebrated there, beginning Monday, should serve to demonstrate the capacity of the grounds and equipment and exhibit their adaptability to the purposes of the management, whose ambition it is to see inaugurated here a South-eastern Maine Fair that shall become a regular feature of our summer activities. This group of citizens who have devoted both time and much money to the task, are entitled not only to the congratulations of the public, of which they may be assured, but also to a good return upon their investment.

You may seek to fool the Maine people a part of the time or all of the time with the water power question, but it is the rum question which this year finds itself paramount. The presidential candidate of the Democratic party has distinctly raised the issue and upon that issue the September election in Maine is chiefly to be fought. Candidates of that party would like to have it otherwise, but they are helpless. Men and women long prominent in leadership of the party frankly announce their severing of old political ties and transference of their support to the Republican candidates Gardner and Hoover. Their campaign managers may strive to minimize the force of this increasing party defection—it is their official business to do so—but the weight of it will not fail increasingly to contribute to that hundred thousand majority with which the Republicans are purposing to seal the election of Colonel Gardner.

A newspaper correspondent says that if he were to start a school subscription it would be for something really popular among the pupils. He had in mind a monument to Rev. Joseph Priestley, an Englishman who came to Philadelphia, and there in 1807 introduced soda water to a long-waiting public. It took nearly half a century for the beverage to find its way to Rockland. There are living today citizens who can recall that first little marble "fountain" with its two austere metal arms out of which the druggist, Caleb P. Fessenden, used to evolve the generous gasps of air which he sold for five cents the glass. There were four syrups of his own manufacture, rich and delicious, to render memorable the ceremony of drinking it.

The Courier-Gazette congratulates the Camden community upon its announced series of summer concerts, the first of which takes place next Tuesday evening. The high standing of the participating artists—none more in detail upon another page—suggests a quality of concert not always possible to be had in regions remote from the great musical centers. Adding to this the beneficiaries, those two admirable local institutions, the Public Library and the Community Hospital, should furnish the grounds of such liberal public support as shall result in highly satisfactory financial endorsement.

In his letter to the New York World, announcing his purpose to vote for Hoover and Gardner, Justice Pattangall says:

"I am moved to take this position because of my sincere belief that the control and management of the Democratic party in my State being passed into hands not properly qualified to administer the affairs of government."

This is the conclusion not of a political writer of an opposing party but a judgment arrived at through the processes of a trained judicial mind. As such it is likely to be regarded as not without weight.

We are sorry that the American athletes failed to win any of the events at this week's Olympic games at Amsterdam. The London Standard suggests as the reason of failure that our boys had fed themselves lavishly. Boys will sometimes do that.

## CAMDEN STILL CLIMBING

**Victory Over Rockland Thursday Night Brought Team Within One Full Game of Belfast.**

**Next Week's Games**  
 Monday—Belfast at Rockland.  
 Tuesday—Rockland at Camden.  
 Wednesday—Rockland at Belfast.  
 Thursday—Belfast at Camden.  
 Friday—Camden at Rockland.  
 Saturday—Camden at Belfast.  
 Today's games—Belfast at Camden at 1:30 p. m. and Camden at Belfast at 4:30 p. m.  
 The Rockland-Belfast game in Belfast next Wednesday will begin at 3:30.

**The League Standing**  
 The consistently good baseball which Camden has been playing the past week has brought that team only one game behind Belfast. Rockland is hardly a factor in the race but the fans will be satisfied if it wins more in the future than it has in the past. Having won both pennants thus far Rockland can afford to watch the contest from the rear, once. But it would be nice to be near enough to see it. The standing:

	Won	Lost	P.C.
Belfast	12	7	.632
Camden	12	9	.571
Rockland	6	13	.361

### Camden 4, Rockland 2

"Skip" Parsons' team had one big inning at Camden Thursday night and the four runs which it netted exactly doubled what Rockland was able to accumulate in the entire game. The contest furnished another demonstration of how Rockland can outwit its opponents and still lose the game. The local board of strategy experts could only figure that the game was lost by faulty baserunning or failure to run out the hits. In striking contrast was the strenuous effort made by Aube, who was the first Rockland man to cross the plate. He gave the best that was in him, and the tally counted. Rockland scored again in the first half of the seventh when Conway singled, Bachand sacrificed and Walsh doubled. The visitors never saw second base again.

With the score 2 to 0 in Rockland's favor the home team went to bat in the seventh and got a very auspicious start, with singles by Taylor and Cole. Ogier fouled to Walsh, but Nanigan knocked the ball to the outmost reaches of right center field, and drove in the two runs that tied. The thing was contagious and "Squanto" Wilson drove one which nearly knocked the new school building over. It was a terrific blow, but did not quite match the famous hit made by Loftus last year which drove the ball almost to the cornice of the same building. Nanigan scored on Wilson's drive and Wilson went in when Small drove a ball between Walsh's legs. Cole played a remarkably good

game at short, and Kid Walls sustained the reputation he has been making for himself of late. Wotton had some hard chances at first and accepted them. He made two good hits, one of which brought in the first run, but nobody could understand why a man with two "game" legs was sent down for an attempted steal. The score:

	ab	r	h	b	t	p	a	e
Camden	4	1	1	1	2	6	0	
Cole, ss	5	0	0	0	1	0	0	
Ogier, if	3	1	1	3	1	0	0	
Nanigan, lb	1	2	2	9	4	0

Sacrifice hits, Taylor, Bachand. Double play, Loftus, Small and Wilson. Umpires, Martin and McDonough. Scorer, Winslow.

The two games between Camden and Belfast scheduled for Aug. 15 and 16 have been transferred to Bar Harbor, a very attractive and much needed financial proposition having been made to the management.

Although Rockland is at the foot of the heap, two of its players lead the League in hitting—French with .350 and Aube with .350. Others over .300 are: Masterman .330, Sterling .321, Mackley .318, Clancy .315, Nanigan .314, Davidson .311, Kunitz .299, Wilson .294, Cogan .303, Thurston .292, Taylor .300.

The "sluggers" figured on total base hits are: Aube .550, French .543, Mackley .506, Clancy .455, Nanigan .442, Walls .415, Wilson .413.

Mackley has scored the most bases on balls (15) and French has struck out least (2). The fielding averages will appear Tuesday.

## VICTIM OF AN EXPLOSION

**John Hodgdon, Brother of a Rockland Man, Meets a Terrible Fate In California.**

Everett Hodgdon of Temple street has received news of the tragic death of his brother John in California. The Calpine (Calif.) News publishes the story thus:

"Saturday night, about 11:40, John Hodgdon, 62-year old teamster working for the Davies-Johnson Lumber company, of Calpine, and the cabin in which he was sleeping, at the logging camp, seven miles from Calpine, was blown into eternity by a charge of dynamite, placed under the cabin, supposedly by a Mexican who had been discharged the day previous and had a grudge against Hodgdon, on account of the latter having been given a team which the Mexican had previously driven.

"From investigation of the premises, the conclusion was reached that the man that perpetrated the deed first went to the company powder house, about half a mile away, and stole some forty sticks, judging from the wrappers found, of giant powder and forty or fifty feet of fuse, carrying same to the cabin in two buckets and planted his bomb in the buckets.

under the cabin directly under Hodgdon's bunk. The fuse was run through the brush to its entire length. As the fuse only burns about a foot to the minute, the party placing the bomb had some forty or fifty minutes in which to make his getaway before the explosion took place, and up to last reports, no trace of the Mexican under suspicion could be found, or any indication of suspicion pointing to anyone else who might be guilty of the act.

"The explosion blew the cabin into splinters and only fragments of Hodgdon's body were picked up, the pieces, we are told, being one hand, a small piece of his trunk and a portion of the skull. A cabin on each side of Hodgdon's cabin, which are built on skids, had been moved just a few days before, else they would also have been blown up, although one or two others farther away were thrown from their bunks by the explosion, which is said to have been heard in Loyalton about twenty miles distant."

Mr. Hodgdon had other near relatives in this city, Belfast and Portland.

### PARK THEATRE

"Steamboat Bill, Jr.," a Buster Keaton comedy, will appear Monday and Tuesday. From the first glimpse of the frozen-faced star, when he ambles onto the screen as a sappy youth till the uproarious climax, when Buster turns into the most extraordinary character that ever trod the deck of a stern-wheeler, "Steamboat Bill, Jr." is said to keep audiences in hysterics.

"The Czarina's Secret" on the same bill, is a superb achievement in Technicolor. All the romance and glamour of the Russian court has been preserved together with many tragic details of its turbulent history.—adv.

### EMMANETTE A. BRAGG

Mrs. Emanette A. Bragg died Tuesday at the residence of Mr. and Mrs. William L. Bonner, 41 Warren street, where she had made her home for nearly six years, following a period of about three months at the Sibley Hospital after a fall in which she broke her hip while at Crescent Beach. From this accident she never fully recovered, April 22 she sustained a shock and had since been confined to her bed.

Always of a cheerful disposition she bore her sufferings with great patience. Friendly and kind, she had many friends who will always retain an affectionate regard for her, and who will greatly miss her.

Mrs. Bragg was born in this city April 23, 1846, daughter of Capt. Joshua A. and Mrs. Frances Elizabeth (Flint) Kellar. After leaving school she taught at Crescent street and other places in the city and a large number of the prominent men and women here will long remember her as a once beloved teacher. After giving up teaching she was married to Zenas O. Bragg, a prominent business man at the Northend, who died a number of years ago. There were no children by this union and Mrs. Bragg was left alone, with no real home ties to comfort and solace her.

At one time she kept a store and engaged in the dressmaking business in what was the Gregory block on Main street, now owned by C. A. Hamilton. Mrs. Bragg was a member of the Relief Corps, being treasurer of that organization for several years, and of the Eastern Star, being a past worthy matron.

The funeral took place yesterday afternoon from her late residence, Rev. O. W. Stuart of the Littlefield Memorial Free Baptist church officiating. Beautiful flowers surrounded the casket. The burial was in the family lot in Achnon cemetery, the bearers being J. A. Jameson, David G. Hodgkins, Arthur P. Haines and George T. Stewart.

### HENRY A. SIMMONS

Henry Alton Simmons died July 27 after an illness of about five years, aged 61 years. He was born in Waldo Feb. 19, 1867, son of George A. and Mary Celeste (Whitney) Simmons. While he was still very young his parents moved to Rockville, where his boyhood and early manhood were spent. During his youth he united with the Free Baptist Church at Rockville of which church he was a member at his death.

Mr. Simmons was a quiet man who maintained throughout life the esteem and respect of his neighbors and friends. His life was exemplary in every way. Strict honesty and splendid habits marked him a man of high character and ideals.

His home, his family and his work held the central place in his attention. The recent death by drowning of his only son, Arthur L. Simmons, made deep inroads on his failing health and doubtless hastened the end. He will be greatly missed and long remembered. Oct. 30, 1906, he married Annie E. Lovejoy, who survives him, as does a daughter Evelyn M. Simmons; one sister, Mrs. Ellie S.

Rich; and an aged aunt, Mrs. S. A. Temple. Funeral services were held the following Monday, Rev. O. W. Stuart officiating. The bearers were, George Brewster, Joseph Ingraham, Dana Sherer and Walter Benner. He was laid to rest beside his beloved son in Achnon cemetery beneath a wealth of beautiful flowers silent testimonials from loving relatives and friends.

Belfast comes to Community Park next Monday. The game is played at 5 o'clock and the crowd meantime will have had ample opportunity to see the Old Home Week parade.

"Len" Morang appeared at the police station in badly battered condition yesterday, alleging that Herbert Combs had assaulted him. The matter was receiving attention in Municipal Court when this paper went to press.

Ernest Cayton, who was driving the truck which ran into a Lime Rock Railroad train Thursday morning, was found guilty in Municipal Court yesterday of reckless driving, and fined \$25 and costs. Lauriston Mank, who was thought at the time to be seriously injured, has been removed from Knox Hospital to his home.

Mrs. Gertrude Joy of Rockport lost control of her car rounding the corner of Tillson Avenue Thursday noon and crashed into the cellar entrance of R. V. Stevenson's tea store. In Municipal Court yesterday she pleaded guilty to reckless driving. Because of extenuating circumstances only a nominal fine of \$1 and costs was imposed.

An unexpected development in the Knox County political situation arises through a ruling of the Attorney General's office that a county treasurer must be voted for at the September election. The appointment of Earle C. Dow, the present treasurer was until Jan. 1, 1931, according to his commission from Gov. Brewster, but the statutes as interpreted by the Attorney General provide that the period covered by the appointment terminates with the present year. The county committee will recommend that his name appear on the September ballot and it is understood that the Democratic county committee will name Mrs. Mabel White.

A new chapter was written into local Coast Guard history yesterday when the Burnt Island and Whitehead stations were inspected by officials who came by the air route. There were three in the party, headed by Lieut. Melcher, and they came from Base 7, Gloucester in the Amphibian plane No. 3. The plane did some interesting maneuvering in Burnt Island harbor.

Under the supervision of a committee made up of Crescent Beach cottagers, consisting of Katherine and Elizabeth Fisher, Nathalie Jones, Dorothy Stewart and Ruth Perry, the playlet "The House in the Woods" will be given on the lawn of Mrs. Evelyn Hix cottage Tuesday afternoon at 2 o'clock for the benefit of the Crescent Beach Improvement Association. Candy and salted nuts will be on sale.

Visitation day will be observed Sunday, Aug. 12 at the Universalist church in South Hope. Those attending are asked to take box lunches which will be served at 1 o'clock with hot coffee by the ladies of the church, followed by the service at 2 o'clock. It is usual for general Rockland people to attend this particular annual service, given in the picturesque old fashioned church.

The State highway crew has nearly completed the permanent road job on the "Bentley Trail" in Rockport, and is the recipient of many compliments for the excellence of the work and the speedy manner in which it has been done in face of bad weather conditions. The next improvement in this section will be the construction of a cement highway westward from the property of the cement plant. This work will begin very soon.

A well-baby clinic, the first in a series to be conducted each month under the auspices of the Red Cross, will be held at Knox Hospital Wednesday afternoon at 1:30 o'clock, with the Red Cross nurses in attendance. The clinic is designed for young infants and children up to three years of age. Weighing, measuring and general examination will be given by attending physicians, also, advice, but no treatment. The clinic will be held in the basement and mothers are asked to enter by the door marked "Ambulance."

W. P. Wyman of Waldoboro writes: Harmin's Circus last showed in Rockland, Monday, June 29, 1885. It rained hard all day. Jumbo, the world's largest elephant, was soon after killed.

The firemen's muster in this city next Friday will take place on Tillson Avenue instead of at Rockland Trotting Park, as has been announced. Six hand-tubs are thus far entered—three in each class. There will be a forenoon parade, and the muster events begin at 1:30.

An announcement of much interest to musical circles is that Mrs. Ogarriga Rose Rugg is to be the soloist at the Manuel Bernard concert of Aug. 13. It is some time since Mrs. Rugg's beautiful dramatic soprano voice has been heard in her former home town and the announcement will be received with warm approval.

An electric brake lining machine, an electric grease machine and a new power-pressure washer are being installed at S. Nilo Spear's service station on Spring street. He is fast making this one of the best equipped plants of the sort in this section and the old Arcade lends itself admirably to the purpose. Large windows have been set in the southern wall and the same treatment will be accorded the walls of the wash room.

If one wishes to see a real flower garden walk up Cedar street and take a look at the posy beds of R. F. Collamore and A. S. Rankin. The former is considerably larger and contains a greater variety of flowers, the borders of yellow marigolds and calendula being quite an innovation in that line. Yet the two men must have vied with each other in raising the ten-weeks stock, as both have fine beds of the yard-colored flowers, each plant being heavily laden with blossoms, the delightful fragrance of which penetrates some distance away. The vegetable gardens are also well worth seeing.

Rockland of the Maine Coast League will again offer the opposition at the National Home Grounds in Togus Sunday. In the previous game Togus defeated this club 3-2 in a contest full of sensational plays and fast fielding. Both teams played hard. Rockland took the jump on the Home boys in the initial frames but Togus managed to overcome the lead and in the seventh pushed over the winning tallies. The return of Rockland will undoubtedly bring out the fans who witnessed the first struggle and a tip to the baseball loving public is to be on hand early for a grandstand seat as Rockland and Togus are great rivals and a first class contest is expected.

Congressman White was a visitor in Rockland Thursday night, stopping with Mrs. White at the Thorndike Hotel. The popular Second District representative appeared in fine trim for the biennial political scrap and it was his nervousness as to the outcome it was certainly not reflected in his smiling features. On the contrary he is in a very optimistic frame of mind, his assurance being based on reports which he has already received from all of the six counties in the District. He looks a substantial victory in the District, State and Nation. The purpose of his brief visit here was to confer with M. M. Griffin, Knox County member of the State Committee, and Raymond E. Thurston, chairman of the County committee.

The address of Mr. Justice Riddell of Toronto, which was the feature of yesterday's Rotary meeting, is noted at length upon another page. ## Press the Pedal and oil your car

Motor cars of high price, such as the Rolls Royce, prize Bijur centralized chassis lubrication as an invaluable feature.

Nash, at moderate price, has it as standard equipment on all "400" Advanced Six Models.

Bijur operation is simplicity itself—and it is invariably efficient regardless of changes in temperature.

There's a lever conveniently placed for your left toe at the floor board.

Simply depress it once and 21 points are automatically oiled, including all spring shackles.

Bother and expense of service station lubrication are eliminated.

Wear at vital chassis points is avoided.

Annoying squeaks and groans are stopped before they start.

The world has a new and finer motor car, with features of excellence hitherto found only on very costly cars. Bijur Centralized Chassis Lubrication is one of them.

## KING OF FISTLAND Who Will It Be Now That Tunney Is Out of Ring.

The heavy-weights lack a king today, but the machinery for the selection of a successor to the throne has been set up and ready for action.

By voluntary abdication rather than by force of a foe's fists, Gene Tunney, who rose from the obscurity of a bank clerk to the prominence of king of fighters, has vacated his throne and returned to private life.

He becomes the second heavy-weight titleholder to decide that the ring holds nothing more for him, but unlike the confusion that followed the retirement of Jim Jeffries in 1905, Gene leaves behind him, as a heritage, a well-ordered plan designed to choose from all the contenders a logical successor to the crown.

Into the hands of Tex Rickard the retiring champion has placed the responsibility of conducting an elimination tournament, international in scope, out of which he hopes, will come the man most fitted to wear the now discarded robes of fistic royalty.

As another parting gift, Tunney will place in the hands of a committee of 26, headed by Rickard and William Muldoon, New York State Athletic Commissioner, a trophy on which will be inscribed the names of each predecessor and the successor to Gene's crown.

Even as Tunney's retirement became known, the shadow of the old Manassa Mauler, Jack Dempsey, fell once more across the heavyweight picture—an ominous sight for other front rank contenders.

Beaten twice by Tunney, Dempsey announced his own retirement from the ring some months ago, but with Tunney, his arch-Nemesis, no longer as an obstacle, there were many who thought that the great slugger would reconsider and that before another year has passed the conqueror of Willard, Firpo, Carpenter, Brennan and Gibbons, once more will be found in his corner, scowling ferociously at an opponent. Just now Dempsey is tied up in a theatrical venture with David Belasco until spring.

Rickard plans to begin his elimination series next month, drawing his candidates from among such fighters as Johnny Risko, Tom Heeney, Paulino Uzcudum, Sharkey, Knute Hansen and Phil Scott.

Perhaps Tunney will be able to stay in retirement. It would be interesting, however, to discover whether Gene would turn down a chance to regain his title should Dempsey fight his way through the contenders and emerge on top of the roost he ruled from 1919 to 1926.

The Camden boatmen's hall will be held Aug. 16, at the Yacht Club. All boatmen are urged to attend. Dean and his team of six pieces will furnish music. The committee, Carney Anderson and Harold Corthell, are planning to make it a good time.

## Announcing the New Utility Truck

-another Sensational Chevrolet Value  
4 Speeds Forward • 4 Wheel Brakes

Now Chevrolet presents the New Utility Truck—a low-priced haulage unit embodying those modern features of advanced engineering developed through years of experience in commercial car building, and proved by exhaustive testing on the General Motors proving ground.

Typical of the progressive design embodied in this sensational new truck is a four-speed transmission with an extra-low gear, providing tremendous pulling power for heavy roads, deep sand and steep hills—and reducing to the very minimum the starting strain on motor, clutch and rear axle!

Powerful, non-locking 4-wheel brakes, with a rugged emergency brake that operates entirely independent of the foot brake system, give a new measure of safety and utility of vital importance in everyday operation!

And a new ball bearing worm-and-

gear steering mechanism, which even includes ball bearings at the front axle knuckles, provides an order of handling ease never before experienced in a low-priced truck!

In addition, the new Utility Truck offers all those basic features which have been so largely instrumental in Chevrolet's success as the world's largest builder of trucks—rugged rear axle with one-piece banjo-type housing... four semi-elliptic truck type springs, set parallel to the load... air cleaner, oil filter and positive action vane-type oil pump... thermostatic control of water circulation... low loading height... and generous road clearance.

No matter what your business may be—come in and get a demonstration of this remarkable new truck. You'll find that it offers every feature needed for dependable low-cost transportation—and we can provide you with a body type to meet your individual requirements.

## BIRD'S ROOFS

PAROID  
Roofing.

When I put Bird's Paroid Roofing on—it's there to stay!

I've seen warehouses, garages, farm buildings, and factories that were covered with Bird's Paroid over twenty years ago that are still in perfect condition. You simply can't wear it out, that's why I'm putting it on these new buildings.

Bird's Paroid Roofing is waterproof and spark-proof with a heavy, pliable, bright-gray surface which will not crack in cold or dry out in hot weather. It has been used and endorsed for over a quarter of a century. Paroid is an exclusive Bird Product.

Paroid Roofing is made by Bird & Son, Inc. (Est. 1795), manufacturers of Neponset Twin Shingles, Bird's Shingle Design Roofing, Art-Craft Roll Roofing, Neponset Black Building Paper, Bird's Insulating Blanket and Neponset Board. There's a Bird product for every sort of building.
